Reference: INTERNATIONAL BUREAU INVITATION COMMENT ON NTIA LETTER  
REGARDING LIGHTSQUARED CONDITIONAL WAIVER  
Ex Parte Communication. IB Docket No. 11-109  
IBSF File No. SAT-MOD-20101118-00239

I completely support the FCC's proposal for Vacatur of the *Conditional Waiver Order*, which is currently the subject of petitions for reconsideration, due to LightSquared's inability to address satisfactorily the legitimate interference concerns surrounding its planned terrestrial operations, and the appearance that the Interference Resolution Process has no realistic prospect of being successfully completed by LightSquared in a reasonable period of time, and Modification of LightSquared's satellite license pursuant to Section 316 of the Communications Act to suspend indefinitely LightSquared's underlying ATC authorization, first granted in 2004, to an extent consistent with the *NTIA Letter*.

In short: too much, too fast. Long term solutions should be given sufficient time for careful consideration and transition periods. The burdens on citizens, public safety, and national security are too great to bear on such a compressed timeline.

Respectfully,
